Executive Vice President and Founding SanCap Bank Member, David Hall Moves on to Retirement

David Hall, our long time Executive Vice President, Chief Financial Officer and Chief Operating Officer, retired on March 31 after 20+ years with SanCap Bank. David is one of Southwest Florida's most established and respected community bankers, and we're proud and honored to have had his leadership and steadfast dedication to the Bank for over two decades. To say we will miss him, his work ethic, wisdom and friendship is an understatement.

When our CEO and President, Craig Albert and David began working together in 2002 to create SanCap Bank, they instantly developed a strong, natural partnership. David successfully managed operations while Craig focused on business development.

Since David stepped into his role, the Bank has continually grown and improved largely in part to his work guiding the financial stability and health of SanCap Bank. Under his direction, we have grown to over \$740 million in total assets, enjoyed a return on equity in the top 60 banks in the country (out of over 4,000 banks) and have had deposit growth in excess of 26% per year compounded for the past 8 years. Impressive to say the least.

We're indebted to David for bringing our mission and vision to life in creating a true community bank that remains stable and strong building partnerships with so many individuals, businesses and charitable organizations in our community.

While David may be retiring from his day job, we're fortunate he'll remain an active member of our Board of Directors continuing to help guide our future. In his retirement, David plans to travel with Gail, his wife of 45 years, spend time with his family including his two grandsons, rediscover his love of music by taking piano and cello lessons and continue his commitment to his health with daily bike rides. Please join us in wishing David the best in the next phase of his life. To learn more about David visit our [news page](#).
